CONCLUSIONS & RECOMMENDATIONS

Most of respondents (90%) are satisfied with the overall way and how the activities in the work package are managed. Respondents are particularly satisfied with the open communication between all project partners. Activities that can be improved are the presence of the project in the media. All information received from the work package coordinator is evaluated as clear and precise. They rate their involvement as well as the involvement of other partners as very good. Respondents are very satisfied with the results of this work package. The state of emergency is perceived as a significant risk in the continuation of project implementation.

In accordance with the above facts it is necessary to:

- *Improve project promotion, especially in electronic media.*
- *Reorganize project activities during a state of emergency.*
